OF THE

La Vida Corsets

**THE BEST PRODUCTION
IN AMERICAN CORSETS.**

The great success of La Vida Corsets can easily be understood when you have seen the careful detail of manufacture. The fit is perfection, and they are made particularly for the American figure, that is why some of the many models are adapted to nearly every figure without alteration except in special cases.

*The Corsets are constructed on French Ideas, of
French Materials, and are as near perfection
as it is possible to produce.*

The object of advertising, of course, is to sell corsets; but, first of all, it is our desire to have you become interested in the **Famous La Vidas**, that you may come and examine them. We dwell upon the fact of their excellence, expecting eventually to influence you to purchase your next pair of corsets of this make. We do not endorse goods and guarantee them unless the experience of our customers has been most favorable, for we believe that "A SATISFIED CUSTOMER IS THE VERY BEST KIND OF AN ADVERTISEMENT."

THE LA VIDAS ARE FINE QUALITIES.

— PRICES —

4.50 6.50 8.00 10.00 AND 12.00

Expert fitters always in attendance to suggest
the proper model for your figure. —

It has been requested by the International Society that in future catalogues there shall be a note saying that the absence of sculptors from the present collection is due to the wish of the American institutions and that the omission of sculpture was made by reason of the difficulties of the Custom House and of safe carriage.

NOTES ON THE INTERNATIONAL SOCIETY

The Pennsylvania Academy of the Fine Arts, Philadelphia, presents the first American exhibition of the work of The International Society of Sculptors, Painters, and Gravers, of London.

This collection has been brought from abroad by the Pennsylvania Academy of the Fine Arts, and under its auspices, and with the co-operation of the various institutions, will be shown successively through the coming season at The Carnegie Institute, Pittsburgh; The Cincinnati Museum; The Art Institute, Chicago; The Buffalo Fine Arts Academy; The Boston Art Club, and the St. Louis Museum of the Fine Arts, where it will remain on view throughout the period of the World's Fair.

The International Society of Sculptors, Painters, and Gravers is composed of a select body of the artists of Great Britain, the Continent, and the United States. The members are chosen presumably for their originality and their individual treatment of the art which they serve. The name of the Association implies that it is in no sense confined to national limits, but recognizes the claims of elevated talent wherever they arise. The Society is, in brief, a group of artists who are aiming at free expression, the one link

between them being the aspiration for taste and beauty. None but members are exhibiting in this collection.

A recent article thus characterizes the work of the Society :

"The first two exhibitions were held at Knightsbridge, the third at the Institute, London. Now, in the New Gallery, the Society has secured by far the best exhibiting rooms in the very heart of London. Part of its work has been the organization of the British section in international exhibitions abroad, with very notable results at Carlsruhe, Budapest, and Dresden. It would be interesting if it could show in its full strength some day in America, when, probably, American artists would see still more reason for giving it their support."

The latter sentiment has now found fulfilment through the group of American art institutions named above.

██████████

The first president of the International Society was the lamented Master who has just passed away, James McNeill Whistler. In presenting the first American exhibition of the Society of which he was the honored head it is fitting to record the sense of his loss to the world of art.

Four Facts

1. All distilled liquors contain FUSEL OIL.
 2. Fusel oil is deadly poison.
 3. A handsome label on a bottle does not remove that poison.
 4. The "CUSHING PROCESS" does.

the Gillespie Method of Hygienic Treatment and Manipulation of the head, for it not only stops the Hair from falling out and renews the growth, but will also cure nervous headaches and will be a very great benefit to those suffering from Insomnia.

This method has been accepted by the Waltham Training School for Nurses and is used in connection with their work. It is also indorsed by leading physicians.

We treat all diseases of the scalp, such as Eczema and Dandruff, and other irritations, itching, burning, etc. We treat both ladies and gentlemen, also children.

Madam Gillespie has recently enlarged her rooms and Laboratory. Each patient is treated in a private room, and a personal examination by Madam Gillespie is made before treatment is given.

The Gillespie Scalp Invigorator for sale by S. S. Pierce & Co., C. F. Hovey & Co., R. H. Stearns & Co., Houghton & Dutton, and druggists, and by

MADAM GILLESPIE, Specialist for Diseases of the Scalp.

Guy, Chase, de Longpre, and many other Artists, appreciating the value of a skillfully made brush, have, in the brush factory of F. W. Devoe & Company, secured brushes to their liking by personal instructions to the workmen. No other firm makes such a line of good brushes for the professional Artist. Ask your dealer and see that F. W. DEVOE & CO., is on the brush; we do not put the name on any but the BEST GOODS.
